Capability Statement

www.andiur.com

Andiur Enterprises, LLC is a veteran and women owned small business with a focus to help use extensive operational and technical experiences to U.S. federal government agencies, state and local governments and private sector businesses. We aim to support network infrastructure environments, enterprise infrastructures, cybersecurity activities, public safety and contact center infrastructure, and information security policies & procedures. Andiur is also able to provide services to configure, monitor, and assist customers for any hardware and software issues as well as impacts.
